REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of Atkinson:

I take pleasure in submitting my annual report as Superintendent of Schools. This report is concerned with the Atkinson Schools for the year July 1, 1942 to June 30, 1943 and for the current year up to the present date. As usual I am including a Statistical table. This, together with the reports of the Supervisor of Music and the School Nurse, give much valuable information in regard to the daily life of our Schools.

There has been one change in the teaching staff since my last report. Mrs. Tarrant resigned her position at the Primary room and Mrs. Elizabeth McAnally was appointed to take her place.

On account of the extra duties placed both this year and last on all Superintendents of Schools by government requirements, there has not been time for the usual amount of class room supervision. Since we have in Atkinson for the most part experienced and dependable teachers, it is probable that our Schools will attain, almost, if not entirely the fine results of normal times.

I wish to express my appreciation and commendation to the teaching staff for their willing and painstaking efforts.

The enrollment in the elementary school for the year covered by this report was sixty, showing a decrease of nine children since the previous year. The enrollment of the Academy was twenty showing an increase of three since the previous year. The school attendance averaged 90.96 percent of the membership, as compared with the state average of 92.94 percent.

Three pupils completed the eighth grade and all entered the Academy.

Defense Stamps have been purchased by the children in both Schools. This has afforded a fine form of training in thrift and character development and gives the children a feeling of having a part in the War Effort. The total stamps and bonds bought by the children from January 1943 to January 1944 totals \$216.55. This record is commendable both for the teachers and children.

Some transportation routes have been shortened by order of the Federal Office of Defense Transportation in order to conserve gas and tires. Because of this some problems have been

created, but have been solved, for the most part, by a spirit of cooperation and patience among all concerned.

The Otis Mental Tests have been given again in the fourth grade. With the assistance of the teachers we hope to be able to give a Standardized Achievement test before the end of the year to each pupil in grades two and eight inclusive. These tests serve as a check on the work done and furnish a picture of progress made during the year both by the individual and the class as a whole.

Two hundred thousand teachers in the United States have left teaching since Pearl Harbor. Teachers College enrollments have dropped 60 percent below 1940-1941. Fifty thousand emergency teaching certificates have been issued this year. Living costs have risen 26 percent since August 1939. Fairness dictates that teachers' salaries should have increased at least 25 percent over September 1939. The increases planned for next year would approximately do that.

During these difficult times we must resolve that in spite of the difficulties and the extra work that we find in the operation of our schools on account of the war, there shall be no let down of effort. We must strive as never before, to play our part in the training of good American Citizens. We who are concerned with the daily operation of the schools wish to thank the School Board and Citizens for their loyal support.

Respectfully submitted,

WILLIAM J. NELSON,

*Superintendent of Schools.*

REPORT OF SUPERVISOR OF MUSIC

---

To Mr. William J. Nelson, Superintendent of Schools:

I hereby submit my annual report as Supervisor of Music in the Atkinson Schools.

Again, I have the pleasure of calling your attention to a year of progress in the music department. Today the teaching of music does not mean simply the development of the voice and the reading of notes; while these subjects are being carried on as successfully as ever much stress is laid upon the appreciation of music. Our musical appreciation course aims to give the child experience in hearing beautiful music of permanent value that he shall develop: first the power of attentive listening; and, second a preference for the better types of music.

In conclusion, I want to express to you, the school board and the teachers, my thanks for loyal support and continued interest.

Respectfully submitted,

EVA W. THOMPSON.
